Welcome to Study Abroad Canada Language Institute (SACLI)!

As a world famous language school offering programs since 1994, SACLI is dedicated to the educational goals of students from around the world. We have partnerships with some of the highest ranking universities in Canada, as well as both the provincial and federal governments. With our newly developed curriculum, you have the flexibility of following either a career or academic focused language training program. Our friendly staff are always ready to help you every step of the way.

Our fundamental belief is that language skills should be taught, practised and lived. As a member of Languages Canada, all of our instructors are TESL Canada certified, and many have advanced degrees. Our instructors will provide you with in-depth training both in and out of the classroom. In-class work will focus on grammar, writing and current events, and, on special occasions, your instructors will go beyond the classroom into the community by introducing you to social activities and local events in the city centre. You will have ample opportunity to practise your English skills outside of the classroom as well as with your caring homestay family. Our Homestay Coordinator will match you with one of our fantastic homestay families based on your likes and needs. By becoming involved in your homestay family, you will greatly increase your rate of achievement.

We look forward to welcoming you to Study, Learn and Live on "our" beautiful island.

CHARLOTTETOWN

Charlottetown, population 35,000, is the capital city of Prince Edward Island, and Canada's birthplace. It is a perfect blend of urban excitement, country living and some of the cleanest air in Canada. Historic buildings, parks, shops, restaurants, pubs, theatres and art galleries provide a beautiful and welcoming environment for students to study.

Prince Edward Island (PEI)...the gentle Island, population 140,000. Prince Edward Island is Canada's smallest and greenest province. Cradled on the waves of the Gulf of St. Lawrence, PEI is known for the vivid colours of its gently rolling landscape, surrounded by miles of sandy beaches and red sandstone cliffs. There are many ways to travel to our Island: the Confederation Bridge, a ferry or arrive by air to the Charlottetown airport.

Learn.

Highly trained language educators provide personal attention to each of our students in a learning environment where teacher/student ratio never exceeds 1 to 14.

We believe that real learning comes from cultural immersion. The Study Abroad *Homestay* program makes this possible by always placing language in the context of our culture. Most of our students have the option to stay in an Island home with an approved *Homestay* family, where they are pleased to find the services include door-to-door transportation from home to school.

Live!

For us language has always involved much more than "a way with words".

It's a way of LIFE.

Study Abroad Canada Language Institute is located in the heart of downtown Charlottetown, the capital city of Prince Edward Island and the place which, in 1864, became the birthplace of Canadian Confederation.

Prince Edward Island, nestled in the Gulf of St. Lawrence on Canada's friendly East coast is recognized not only for its scenic beauty but also as a safe, friendly, clean mix of urban and rural living that thrives in a mainly English language environment. Now with immigration to P.E.I. doubling in the last few years, we can also claim to be increasingly cosmopolitan.

You will make friends here!

Homestay Experience

"Our experience as a homestay family has always been a positive one. We enjoy the students visiting our home as much as they enjoy the stay here on PEI. Our family finds it very interesting learning about our students' country, culture and customs. We have had students from the age of 8 years old to the age of 45 years old".
