Dev Rishi

Best place to learn, explore and well educated staff and have a great experience of teaching. I would refer this college in montreal to learn international languages ENGLISH AND FRENCH.

吉富友梨奈

The location is 30 seconds on foot from the station, the best in the middle of downtown. The class is small, so it is attentive to the eyes, the distance from the teacher is close at home. In addition, Japanese counselor got very careful consultation to not only the class, but also to the foreign life in which I was not used, and I was very relieved. It was nice to really choose UMC. Recommended for those who are planning to study abroad from now.

The UMC language school is a little small, but I try to take care of the students. Landing services are also provided by the language school for settlement in Canada. Whenever I have questions about life in Canada, Rio has kindly explained it and helped me a lot in helping me when I have a hard time.

Soon Woo Kwon

Great place to learn foreign language.
